

KITSAP PUBLIC HEALTH BOARD

*The Kitsap Peninsula is home of sovereign Indian nations, namely the
Suquamish and Port Gamble S'Klallam Tribes*

MEETING AGENDA

November 7, 2023

10:30 a.m. to 11:45 a.m.

In Person: Chambers Room, Bremerton Government Center
345 6th Street, Bremerton WA 98337

Remote: Via Zoom (See Information at End of Agenda)

- 10:30 a.m. 1. Call to Order
Mayor Becky Erickson, Chair
- 10:31 a.m. 2. Approval of October 3, 2023, Meeting Minutes
Mayor Becky Erickson, Chair *Page 5*
- 10:32 a.m. 3. Approval of Consent Items and Contract Updates
Mayor Becky Erickson, Chair [External Document](#)
- 10:34 a.m. 4. Public Comment
Please see Instructions at the end of Agenda for virtual attendees
**** Please note that public comment on the Environmental Health Service
Fees will be heard during Agenda Item #6****
Mayor Becky Erickson, Chair
- 10:40 a.m. 5. Health Officer and Administrator Reports *Page 16*
Dr. Gib Morrow, Health Officer & Keith Grellner, Administrator

ACTION ITEMS

- 10:45 a.m. 6. Proposed Resolution 2023-06, Approving Environmental Health Service
Fees for 2024 *Page 21*
John Kiess, Environmental Health Division Director
****Public Comment on this item will be heard following a brief
presentation and Board discussion****
- 11:15 a.m. 7. 2024 Policy & Legislative Priorities for Kitsap Public Health District
Adrienne Hampton, Policy, Planning, & Innovation Analyst *Page 51*

DISCUSSION ITEMS

11:30 a.m. 8. Draft 2024 Budget Presentation
Keith Grellner, Administrator

Page 68

11:45 a.m. 9. Adjourn

*All times are approximate. Board meeting materials are available online at
www.kitsappublichealth.org/about/board-meetings.php*

Instructions for virtual attendance at Kitsap Public Health Board meetings**

Health Board Meetings Via Zoom

The Kitsap Public Health Board will also be broadcast via Zoom webinar, broadcast live on Comcast channel 12, WAVE channel 3, the [BKAT website](#) and Facebook. The Health Board and presenters are **panelists**, members of the public are **attendees**.

Webinar **attendees** do not interact with one another; they join in listen-only mode, and the host will unmute one or more attendees as needed.

How to Join the Zoom Meeting

To join the meeting online, please click the link below from your smartphone, tablet, or computer:

<https://us02web.zoom.us/j/86186052497?pwd=TXcrQU1PRWVWVHgyWERXRFluTWloQT09>

Password: 109118

Or join by telephone:

Dial: +1 (253) 215-8782

Webinar ID: 861 8605 2497

*Zoom meeting is limited to the first 500 participants. A recording of the meeting will be made available on our website within 48 hours of the meeting.

Information & Directions for Public Comment

We apologize, but verbal public comment *during* the meeting may only be made in-person at the Norm Dicks Government Center or through a Zoom connection. The public may make verbal comments during the Public Comment agenda item if they are attending the meeting in-person or via Zoom.

As this meeting is a regular business meeting of the Health Board, verbal public comment to the board will have a time limit so that all agenda items will have the opportunity to occur during the meeting. Each public commenter will receive a specific amount of time to speak to the board as determined by the Chair based on the number of public commenters for the meeting.

Written comments may be submitted via regular mail or email to:

Regular Mail:

Kitsap Public Health Board
Attention: Executive Secretary
345 6th Street, Suite 300
Bremerton, WA 98337

Email:

healthboard@kitsappublichealth.org

All written comments submitted will be forwarded to board members and posted on the Health Board’s meeting materials webpage at <https://kitsappublichealth.org/about/board-meetings.php>.

Public Participation Guidelines

Below are recommendations for use by members of the public in meetings conducted via Zoom Webinar.

Identification: Upon entering the webinar, please enter your name, number or other chosen identifier, so that the host can call upon you during the public comment period.

Raise Hand (pictured below): You have the ability to virtually raise your hand for the duration of the meeting but you will not be acknowledged until you are called on during the public comment period. NOTE: If you have used your telephone to access the Zoom meeting, **you may press *9** to “raise your hand”. The host will unmute you when it is your turn to speak.

Public Comment Period: Use “Raise Hand” to be called upon by the host. The host will announce your name when it is your turn.

Mute/Unmute: Attendees will be muted and not audible to the Board except during times they are designated to speak. When you are announced, you will be able to unmute yourself. NOTE: If you have used your telephone to access the Zoom meeting, **you may press *6** to mute/unmute yourself.

Instructions for virtual attendance at Kitsap Public Health Board meetings**

Time Limit: Each speaker testifying or providing public comment will be limited to a time period specified by the Chair.

Use Headphones/Mic for better sound quality and less background noise, if possible.

Closed Captions/Live Transcripts are available. On the bottom of your zoom window, click the  button to turn on/off captions. You can adjust the way captions appear on your screen in settings. Please be aware, captions are auto-generated by Zoom and may contain errors.

This is a public meeting of the Health Board. It is expected that people speaking to the board will be civil and respectful. Thank you for your cooperation.

**KITSAP PUBLIC HEALTH BOARD
MEETING MINUTES
Regular Meeting
October 3, 2023**

The meeting was called to order by Board Chair Mayor Becky Erickson at 10:30 a.m.

Chair Erickson, Mayor of the City of Poulsbo, introduced herself and asked each Board member to introduce themselves. Mayor Rob Putaansuu with the City of Port Orchard, Member Dr. Tara Kirk Sell, Commissioner Christine Rolfes with the Kitsap County Board of Commissioners, Member Dr. Michael Watson, Member Stephen Kutz of the Suquamish Tribe, Member Jolene Sullivan of the Port Gamble S’Klallam Tribe, and Councilperson Hytopoulos with the City of Bainbridge Island each provided a brief introduction. Mayor Greg Wheeler with the City of Bremerton had to step away for a brief period of time, so he was not present to provide an introduction.

APPROVAL OF MINUTES

Member Jackson moved and Dr. Watson seconded the motion to approve the minutes for the September 5, 2023, regular meeting. The motion was approved unanimously.

CONSENT AGENDA

The October consent agenda included the following contracts:

- 2221 Amendment 1, *Kitsap County Prosecuting Attorney, Legal Services*
- 2363, *Hood Canal Coordinating Counsel, Hood Canal Regional PIC*

Mayor Putaansuu moved and Dr. Kirk Sell seconded the motion to approve the consent agenda. The motion was approved unanimously.

PUBLIC COMMENT

There was no public comment.

HEALTH OFFICER/ADMINISTRATOR’S REPORT

Health Officer Update:

Dr. Gib Morrow, Health Officer, started the report by reminding the public and the Board that respiratory illness season is beginning. He said the Center for Disease Control (CDC) warned that even a mild COVID-19 surge on top of the normal flu and respiratory syncytial virus (RSV) rates has the potential to strain the healthcare system significantly. The public is encouraged to stay current on vaccinations, test themselves for COVID-19 if they are experiencing symptoms, and stay at home if they are ill. Dr. Morrow said the rates of flu and RSV are currently lower than normal, but case rates and hospitalizations for COVID-19 are the highest they have been

since April 2023. He noted that accurate case rates for COVID-19 are difficult to track because of the presence of home test kits, the results of which are not typically reported to public health agencies. The home test kits, also known as antigen tests, are less sensitive than the PCR tests performed in a laboratory. Dr. Morrow advised the public to repeat the test one to two times if they test negative and have COVID-like symptoms. Vaccines are available for all three respiratory illnesses.

Next, Dr. Morrow discussed the commercialization of the 2023-2024 COVID-19 vaccine. The updated vaccine was approved in September; however, it is being rolled out more slowly than prior COVID-19 vaccines. He explained that the federal government is no longer distributing vaccine supplies and vaccine providers must order directly from the manufacturers at a cost, which is possibly deterring providers from administering the vaccine. Currently, several local pharmacies are offering the COVID-19 vaccine to people 12 years of age and older. The public can call pharmacies to check on the availability of the vaccine. Additionally, Peninsula Community Health Services is providing the vaccine to their patients. The Health District is working with the Washington State Department of Health (DOH) to obtain the vaccines for people as young as 6 months old. Dr. Morrow is hopeful that more healthcare providers will offer the vaccine as it becomes more widely available. He thanked the internal Health District staff, local healthcare providers, and community leaders who are helping with the Health District's immunization campaign. Details of the campaign will be provided to the Board later in today's meeting.

Dr. Morrow explained that the Community Health Assessment (CHA) is nearly complete. The Health District held a data summit on September 26th to share assessment information with community members and over 70 people attended. Attendees provided positive feedback after holding the event. In addition to the data summit, the Health District is hosting several data walks to get community feedback on the findings or issues outlined in the CHA. The first data walk event will be at the Sheridan Park Community Center in Bremerton on October 7th and other events will be held throughout October in different parts of Kitsap County.

Next, Dr. Morrow said the Health District hopes to convene the Board's Policy Committee to discuss the Health District's priorities. If Board members have any specific areas they want to address, input can be provided to Dr. Morrow or Policy Analyst Adrienne Hampton.

Dr. Morrow concluded his report by thanking the individuals participating in the Johns Hopkins healthcare assessment. The lead scientist, Dr. Tener Veenema, visited Kitsap one week ago. She attended the data summit and met with community leaders to discuss issues related to homelessness in the county. Additionally, Dr. Veenema visited the Bremerton Naval Hospital, the closure of which is still a growing concern as the hospital is underutilized. The healthcare assessment is moving into a phase of data collection called a Delphi study. The study consists of three to four rounds of surveys which allow community members to provide open-ended input on strategies to address healthcare issues. Dr. Morrow encouraged the study participants to continue their participation to allow the Health District to identify strategies for improving healthcare quality and access in Kitsap.

When given the opportunity to ask questions, Member Kutz asked if there were issues with the COVID-19 home test kits, particularly whether they are sensitive enough to detect a COVID-19 infection. Dr. Morrow said a PCR test is more sensitive in its ability to detect smaller levels of COVID-19, but getting a PCR test requires people to go through a lab or healthcare provider. He added that many of the home test kits are expired, though expiration dates for some have been extended and can still be used for home testing. Dr. Morrow said people may test negative initially then test positive in the days after, so people should continue to test themselves if they think they may have contracted COVID-19.

Dr. Kirk Sell noted that everyone has access to four free COVID-19 test kits through the federal government and that the shelf-life extension information can be found online. She asked who people should call if they test positive for the virus at home. Dr. Morrow said agencies are no longer asking people to report positive home tests, unless they are involved with a congregate living facility, school, or nursing homes. He said DOH has an online portal to report positive home tests, but because the vast majority go unreported, the information is not very valuable in detecting a new surge of COVID-19 cases. Dr. Morrow said if Kitsap residents test positive, they can call the Health District, who will then report the case to DOH.

Councilperson Hytopoulos asked if there were any programs still conducting wastewater testing for the presence of COVID-19. Dr. Morrow said there are a number of counties in the Puget Sound region doing COVID-19 wastewater testing, including Snohomish, Seattle-King, Tacoma-Pierce, Jefferson and possibly Clallam. He said rates of COVID-19 in wastewater appear to be dropping, but there are several variables to consider when determining trends, such as dilution effects due to an influx of water.

Dr. Watson thanked Dr. Morrow for explaining the challenges healthcare providers face with the commercialized COVID-19 vaccine, adding that it is costing facilities money to offer the vaccine. He said that due to these challenges, he is very concerned that there will not be adequate vaccine uptake. Dr. Watson asked if the Health District can provide the COVID-19 vaccine to facilities that would like to administer it but are unable to order it from the manufacturer directly due to their corporate structure. Dr. Morrow said healthcare providers should be able to order it through the Vaccines for Children and Adult Vaccine programs for patients who are uninsured or underinsured. He went on to say the commercialization of the COVID-19 vaccine is problematic as the cost per dose is high, and providers are required to order at least 100 doses, ultimately discouraging providers from administering the vaccine. Dr. Morrow explained that the level of urgency to provide the vaccine is not the same as during the pandemic as most people have been vaccinated multiple times; however, public health should continue to encourage providers to give the vaccine and physicians should encourage their patients to get the vaccine. Member Kutz added that he has been working with DOH on this issue, noting that if a clinic opens a full vial and is only able to administer one to two doses of the vaccine, the clinic loses a significant amount of money. While single-dose syringes are helpful in this regard, Pfizer does not offer single-doses. Member Kutz said it might be possible for providers to share the cost to meet the minimum 100-dose order requirement, noting that healthcare providers should consider the feasibility of this solution. Dr. Morrow agreed with Member Kutz that healthcare providers are more at risk financially than individual patients. A clause in the Affordable Care Act requires

preventative services to be free of charge, meaning individual patients should not have to pay for vaccine costs. Dr. Morrow encouraged physician groups to work with their insurers to determine a solution, noting that the situation is unfortunate as it is affecting the efficiency and speed of vaccine distribution and acquisition.

Chair Erickson asked if the Health District tracks overdose deaths in Kitsap and whether that information could be provided to the Board. Dr. Morrow said overdose events and deaths are tracked and that the rates are increasing. Chair Erickson asked that the overdose death data be reported to the Board on a regular basis because the issue is escalating, and Dr. Morrow agreed to regularly report the data.

There was no further comment.

**** POST-MEETING EDITOR'S NOTE****

Dr. Morrow would like to clarify that delays in the finalization of death certificates, due to toxicology testing and very small monthly numbers, may make timely and regular reporting of overdose deaths more problematic.

Administrator Update:

Keith Grellner, Administrator, directed Board members to the full report of the Health District's 2022 Accountability Audit. Mr. Grellner said this information was shared with the Board previously, but he wanted to ensure the public and Health District staff were informed as well. The audits were successful again this year and the State Auditor did not produce any findings. Mr. Grellner said accountability was particularly challenging because in 2022, the federal COVID-19 funding ended. Federal funding has more restrictions and conditions, and emergency response money poses additional challenges. Mr. Grellner congratulated the Accounting team on successfully managing the funds. The Health District's Accounting team consists of Melissa Laird, Denise Turner, Linda Pandino, Beverly Abney, and James Archer.

Mr. Grellner explained that on Monday, September 18, the Health District's public health nurses and Communicable Disease staff, in coordination with DOH field consultants, conducted an outreach event to several homeless encampments and residents in Bremerton. The goal of the event was to fill the gaps in the continuum of care that people experiencing homelessness are facing. During the event, 26 people received hepatitis A and B vaccines and had blood drawn for HIV and syphilis testing. Additionally, 52 naloxone kits were distributed. Mr. Grellner thanked Kelsey Stedman, Communicable Disease Program Manager, Communicable Disease staff, and the DOH field consultants for a successful event.

Next, Mr. Grellner said that last week, the Health District submitted the documentation to apply for reaccreditation through the Public Health Accreditation Board (PHAB). The Health District has been accredited since 2015. The agency is one of 320 local public health jurisdictions nationwide and one of five local health jurisdictions statewide to achieve national accreditation. Mr. Grellner noted that over 40 Health District staff helped in some way to develop and compile the documentation needed for PHAB and thanked everyone who helped with the reaccreditation

efforts. The Board will be updated as the Health District receives information from PHAB, and a presentation will likely be given once the reaccreditation certificate is received.

Mr. Grellner concluded his report by explaining the Board's Finance Committee will be meeting tomorrow, October 4, to review the draft Health District budget for 2024. Once the Finance Committee's feedback is incorporated into the draft budget, a full presentation will be given to the Board at the November meeting. The Committee will also be reviewing the Environmental Health fee proposal from the Division Director. That proposal will also be brought to the Board at the November meeting.

When given the opportunity to comment, Member Jackson said he appreciates the positive feedback the Health District received from the State Auditor's office. He wanted to ensure it was publicly acknowledged that the Accounting team did a great job in ensuring the financial records were organized and available to the auditors. Mr. Grellner said the finance team welcomes accountability audits and that they take it as a challenge. He thanked Member Jackson for his comments.

Member Kutz explained that many people do not understand how difficult it is to get a clean audit. The auditors search and know where to look. The COVID-19 funding and the frequent changes in the funding's requirements would make obtaining a clean audit extremely challenging. Member Kutz commended the Health District's staff on the amount of work completed for the reaccreditation process. He added that not only is it a significant volume of work on top of the day-to-day work that must be done, the elements of the accreditation requirements must also be integrated into the organization's culture. Member Kutz said the amount of time and effort put into reaccreditation is worth it as it demonstrates the high quality work the Health District does. Chair Erickson agreed that accreditation is important, not only to obtain it, but also to maintain it through the reaccreditation process.

There was no further comment.

IMMUNIZATION CAMPAIGN

Yolanda Fong, Community Health Division Director, began the presentation by highlighting the continued importance of immunizations in public health strategy to reduce the spread of communicable diseases. Ms. Fong displayed a graph showing the number of measles cases reported each year in the United States. She noted that in 2019, there were over 1,200 cases of measles across 31 states, the biggest number of cases since 1992. Ms. Fong said public health officials are monitoring disease trends because it could be an indication of reemergence of diseases thought to be eradicated in the United States. Measles is a vaccine-preventable disease and the case increase in 2019 highlights the need for communities to be immunized.

Next, Ms. Fong discussed school immunization requirements. She explained that routine childhood vaccines are administered from infancy to school-age, meaning schools have an important part to play in terms of immunization rates. In Washington, children are required to have certain immunizations to attend schools and it is up to the school's administration to ensure

the requirements are being followed. Ms. Fong said there are some options for vaccine exemptions, though most exemptions require both the healthcare provider and the parent to sign and submit the exemption for consideration. She then displayed a form from the DOH website that shows which vaccines are required for each age group for the 2023 to 2024 school year.

Ms. Fong went on to explain the impacts of COVID-19 on childhood vaccination rates. In 2022, DOH published a report that showcased the implications of COVID-19 on routine childhood immunizations. Across the state of Washington, children were below pre-pandemic levels for vaccine administration and vaccine coverage declined in all age groups. In Kitsap County, between June 2019 and December 2021, the rate of fully vaccinated children between 19 and 35 months decreased by 28%. At the end of 2022, DOH published an update that showed the same age groups saw slight increases in vaccination coverage across the state and in fully vaccinated children in Kitsap. Ms. Fong said this data shows people are moving back into routine healthcare, so it is the ideal time to consider sending positive messages around immunizations and ensuring people have access to reliable information about vaccines.

Next, Ms. Fong said the Health District is launching a community immunization campaign, one of several public health strategies being used by the agency's Immunization program. The goal of the campaign is to increase awareness of immunization information to allow parents to make informed decisions about vaccinations.

Tad Sooter, Public Information Officer, continued the presentation by explaining that the COVID-19 pandemic had a profound effect on immunization rates and perceptions surrounding immunizations. The pandemic provided important lessons that can be utilized in vaccine promotion efforts: healthcare providers are a widely trusted source of vaccine information, people prefer information and inspiration over directives, and people are more receptive to messaging when they feel represented and respected. Mr. Sooter added that the Kitsap community as a whole, and especially the healthcare community, supports immunization. When the first COVID-19 vaccines were distributed, nearly 600 volunteers and 40 healthcare facilities in Kitsap offered their time and services to administer the vaccine to the public. With their help, almost 200,000 Kitsap residents received the vaccine within one year.

Mr. Sooter explained that as the conversation is expanded to support routine immunization across all age groups, the Health District's campaign will utilize the lessons reinforced during the pandemic. These positive messages will feature a diverse group of healthcare professionals to share information about immunization and the importance of vaccines. Pictures of the healthcare professionals and their quotes will accompany the messages, which will be posted on billboards, ferries, advertisements, and mobile platforms. Mr. Sooter displayed examples of what the messages will look like. He added that when speaking with healthcare providers about this campaign strategy, the Health District has received resounding support and people are excited to participate in the project.

Next, Mr. Sooter said the campaign materials will direct the public to an online landing page that provides straightforward information. The information available will include vaccine recommendations, where people can get vaccines, and how people can access their vaccine

records. Mr. Sooter displayed a mock webpage for the Board, noting that the Health District purchased the domain HealthyKitsap.org.

Mr. Sooter explained that the Health District is currently collecting community input on key messages and trusted messengers. Community members can use stickers to provide feedback on an interactive poster. The interactive posters have been brought to various community events, such as the Kitsap County Fair, Marvin Williams Center, and back-to-school resource fairs.

In concluding the presentation, Mr. Sooter said the Health District is currently conducting outreach to local healthcare professionals to determine who would like to be a spokesperson for the campaign. The campaign team has contacted professionals at major healthcare systems, independent practices, emergency medical service agencies, and schools in an effort to reach a wide variety of professionals. Mr. Sooter said the Health District hopes to launch the campaign by the end of 2023. He noted that the project has the potential for additional phases and the framework from the campaign can be used for other focused campaigns.

Member Kutz asked if schools provided feedback on immunization rates and the number of children who were not allowed into schools because they did not meet the immunization requirements. Ms. Fong said schools have not provided direct feedback yet. She went on to say the Health District is currently working on integrating school vaccine data with the state immunization information system. This project has been piloted in schools throughout the various districts. Historically, schools have been unable to provide immunization rates until after the school year because, during the rest of the year, school nurses are working to fill immunization gaps for students.

Dr. Kirk Sell said the campaign seems to be focused on children, but the examples of messages displayed to the Board showed adult spokespeople. She said that children and adults have different vaccine needs and asked how the Health District would merge those two types of messaging. Ms. Fong said during the first stage of planning for the campaign, the team wanted to start broad because they were unsure of how vaccine messaging would be received by the community. Parents are the people who decide whether to immunize their children, so the campaign team wanted to focus on trusted messengers, see how the community received vaccine messaging, and put emphasis on the accessibility of information.

Dr. Kirk Sell said when deciding to immunize their children, parents evaluate the risks to the children and themselves. Parents see that most other children are vaccinated, so they make the decision not to immunize their children. She asked how the Health District would reach those parents with the larger community story when it comes to childhood vaccinations. Ms. Fong emphasized the importance of sharing data about disease outbreaks, such as measles, to illustrate the concern about the reemergence of diseases. During the measles outbreak, most cases were in unvaccinated communities, so it is important to talk about the risks and the impacts these decisions have on the community.

Member Jackson said school districts deal with a lot of other things that create community divisions, such as misinformation. The Health District may consider ways they can support

schools in getting vaccine information to parents. Ms. Fong agreed and said the Immunization team has been building closer partnerships with schools. They have been doing things to help relieve schools of the stress around providing parents with information on vaccines, such as hosting information booths at back-to-school events.

Member Kutz said because we got so far behind in childhood immunizations during the pandemic, we cannot expect them to be caught up by the beginning of the school year. The primary goal is getting children immunized, but if parents feel backed into a corner, they will likely use an exemption. Member Kutz went on to say that school nurses should not be expected to fill the gap for immunizations as they already have a heavy workload. Ms. Fong agreed and said school districts use various vaccine systems, some utilize the school nurses while others rely on other staff.

Chair Erickson asked if the Health District considered marketing the campaign to children. Ms. Fong explained that the campaign was broken down into two phases. The first phase was to gauge the temperature of the community and to focus on generalized positive messaging around vaccines. The second phase will be determining which populations are under-vaccinated. Ms. Fong said there are innovative ideas around engaging children, such as drawing contests, and that the Health District would consider those ideas. Dr. Watson added that it may be valuable to focus on preventative care for children, rather than just vaccines. He said once they are in the clinics for things like well child check-ups, providers can work on encouraging parents to vaccinate their children. Mr. Sooter addressed Chair Erickson's comment about marketing to children. He said during the pandemic, it became evident that there is a very strong reaction when messages, particularly when they are related to vaccines, are directed towards children. As this conversation about immunizations starts again, the goal is to restore trust in household decisionmakers and show examples of trusted figures in the community who believe in and support immunizations. Chair Erickson agreed. Dr. Watson added that, in his experience, the most effective way to encourage parents to immunize their children is to tell them that he is a parent and has fully immunized his children. He said it may be valuable for parents to relay their stories as spokespeople.

Commissioner Rolfes asked if the Health District has a role to play in helping adults get the flu or COVID-19 vaccine. Mr. Sooter said the Health District has sent out messaging on flu and COVID-19 vaccinations this fall, and that information can be found on the agency's website. For those that do not want to use the internet, the Health District encourages people to talk to their healthcare provider or a local pharmacy. They can also call the Health District if they have questions or need additional resources. Ms. Fong added that the vaccine campaign's landing page was developed to have all vaccine information in one place, including information on adult vaccines, to allow the public to access information easily.

Member Kutz said, in his experience, pharmacies are too understaffed to consistently provide vaccines. He said the Health District should attempt to involve primary care providers instead of pharmacies to ensure patients do not leave without receiving their immunization.

There was no further comment.

EXECUTIVE SESSION TO EVALUATE THE QUALIFICATIONS OF AN APPLICANT FOR PUBLIC EMPLOYMENT PER RCW 42.30.110(G)

Chair Erickson announced that the Board would recess to the closed executive session at 11:21 a.m. to discuss the qualifications of an applicant for public employment. She noted that the Board may reconvene after the closed executive session, or it may adjourn.

At 11:45 a.m., Chair Erickson extended the executive session for ten minutes.

At 11:55 a.m., the closed executive session ended, and Chair Erickson reconvened the Board. Member Kutz moved and Commissioner Rolfes seconded the motion to offer the position of Health District Administrator to Yolanda Fong. The motion was approved unanimously.

There was no further comment.

ADJOURN

There was no further business; the meeting adjourned at 11:56 a.m.

MEMO

To: Kitsap Public Health Board
From: Keith Grellner, Administrator
Date: November 7, 2023
Re: Memorandum of Agreement – Accretion of the Unrepresented Epidemiologists Into the Health Professional & Technical Unit and PROTEC 17 Representation

Attached for your information only is a tentative agreement between the Health District and PROTEC 17 (the union for District represented employees) to add the District’s epidemiologists (currently comprised of five employee positions) into the Health Professional & Technical Unit of the union that covers the District’s represented employees. The epidemiologists petitioned to join the union in December of 2022.

PROTEC 17 represents a total of four bargaining units of Health District employees, covering a total of 94 positions. The four bargaining units are:

1. Clerical Unit
2. Environmental Health Professional and Technical Unit
3. Registered Nurses Unit
4. Health and Professional Technical Unit

Provided there are no major concerns from the Board, the Health District intends to sign-off on this tentative agreement. As there are no salary increases nor new classifications covered by the agreement, and there is no budget impact from the agreement, Board approval is not required and the Administrator has the authority to sign the agreement.

As the Board will note, this agreement simply formalizes the negotiations and agreements of moving the epidemiologists into the union. Again, the agreement does not result in the creation of any new job classifications, does not result in salary increases, and does not change leave accrual procedures for the epidemiologists.

Aside from moving the epidemiologists into the union, what the agreement does do is eliminate the first two steps of the salary schedule for the epidemiologist classification, reducing the total number of salary steps from eight to six, in line with the other salary schedules for job classifications that are represented in the Health Professional and Technical Unit of the union.

Memo to Kitsap Public Health Board – Memorandum of Agreement for Epi Accretion

November 7, 2023

Page 2

On a side note, 2024 will be a contract negotiation year for the Health District's union membership as the current three-year contract expires on December 31, 2024.

Please feel free to contact me with any questions or comments at (360) 728-2284, or keith.grellner@kitsappublichealth.org.

Attachment (1)

**Memorandum of Agreement
Accretion of the Unrepresented Epidemiologists
into the Health Professional & Technical Unit and PROTEC 17 Representation**

Whereas, on December 15, 2022, PROTEC17 (union) filed a petition to add the unrepresented Epidemiologists working at the Kitsap Public Health District (employer) to the union’s existing Health Professional & Technical bargaining unit; and

Whereas, on December 19, 2022, the Employer posted copies of the notice and petition at employee work locations as required by the State of Washington Public Employment Relations Commission (PERC); and

Whereas, on December 29, 2022, the Employer provided a copy of the list of the petitioned for employees, and other requested information, and PERC checked the showing of interest provided by the union, and the evidence demonstrated that more than 30% of the employees support the purpose of the petition, allowing PERC to move to the next step in the representation process; and

Whereas, on January 4, 2023, PERC notified the Employer and Union, that before any representation petition can be completed, PERC must ensure that the parties agree on a limited scope of issues to be handled through email; and

Whereas, on January 26, 2023, PERC confirmed agreement on all issues, and requested the Employer provide PERC with employment records that bear the signature of the petitioned-for employees; and

Whereas, on February 16, 2023, PERC provided their decision that the Kitsap Public Health District Epidemiologist employees chose PROTEC 17 as their exclusive representative for the purpose of collective bargaining with the Employer; and

Whereas, upon receipt of the PERC decision, the parties entered into and completed negotiations for the accretion of the Epidemiologists into PROTEC17.

Therefore, the following agreement was reached:

1. Exempt status and associated rules currently available to the Epidemiologist 1 and Epidemiologist 2 classifications will remain in place.
2. General Leave accrual rules for exempt employees currently available to the Epidemiologist 1 and Epidemiologist 2 classifications will remain in place.

The language in item 1 and 2 will be appropriately captured in contract language of the next negotiated CBA.

**Memorandum of Agreement continued:
Accretion of the Unrepresented Epidemiologists**

- To establish salary schedules in line with the existing represented members of the Health Professional and Technical Unit, Steps 1 and 2 will be removed from both ranges of the Epidemiologist Salary Schedule as follows:

2023	Step 1	Step 2	Step 3	Step 4	Step 5	Step 6
Epi 1	5,866	6,159	6,467	6,790	7,130	7,487
Epi 2	6,790	7,130	7,487	7,861	8,254	8,667

- Already approved by resolution, the Epidemiologist 1 and Epidemiologist 2 shall receive a two percent (2.0%) General Wage Increase on January 1, 2024, as follows:

2024	Step 1	Step 2	Step 3	Step 4	Step 5	Step 6
Epi 1	5,983	6,282	6,596	6,926	7,272	7,636
Epi 2	6,926	7,272	7,636	8,018	8,419	8,840

Incumbents will move to the appropriate step at their current pay rate upon agreement. For example, an Epidemiologist 1, Step 5, will change to Epidemiologist 1, Step 3, and an Epidemiologist 2, Step 8, will change to Epidemiologist 2, Step 6, retaining current pay and established dates for scheduled step increases as appropriate.

- Additionally, in regard to telework arrangements, the Employer agrees to allow current post-probationary employees in this classification, hired prior to October 13, 2022, to work two (2) days in the office and three (3) days remotely in a five-day workweek. This telework agreement for current post-probationary employees in this classification will remain in effect provided that compliance with Health District Policy A-24, Teleworking, is maintained. This is not a guarantee for future post-probationary employees receiving the same waiver. The Union understands the Employer’s management right and authority to operate the affairs of the agency and direct the employees of the district. Therefore, this section is not open to the grievance process although the Union retains their right to negotiate the impacts of changes to working conditions of its members.

Agreement Effective Date: November 8, 2023.

Keith Grellner, Administrator

Super Tues 2024 DRAFT SCHEDULE (with break from 11:45-12:30)

Kitsap Transit	Kitsap Public Health	Emergency Management	Kitsap 911	KRCC
----------------	----------------------	----------------------	------------	------

January 2nd

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Emergency Management (L)

Feb 6th

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-2:30	KRCC (L)

March 5th

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-2:15	Kitsap 911* (L)

April 2nd

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Emergency Management (L)

May 7th

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-2:30	KRCC (L)

June 4th

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Kitsap 911 (L)
1:45-3:45	KRCC

July 2nd

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Emergency Management (L)

August 6th (NO MEETING)

September 3rd

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Kitsap 911

October 1st

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-1:30	Emergency Management (L)
1:45-3:45	KRCC (L)

November 5th

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-2:30	KRCC (L)

December 3rd

8:30-10:00	Kitsap Transit
10:30-11:45	Kitsap Public Health
12:30-2:00	Kitsap 911 (L)
2:15-4:15	KRCC

NOTES:

(L) Boards in the 12:30 time slot typically provide lunch for the board. Recommend having lunch delivered between 11:45 a.m. and 12:00 p.m., so board members can eat while the 12:30 agency sets up for their meeting. Past caterers include Ambrosia and Crescent Moon.

Kitsap Public Health Board Health Officer Update

Gib Morrow, MD, MPH
Health Officer
November 7, 2023

KITSAP PUBLIC HEALTH DISTRICT

Agenda – Brief Update

- Respiratory Illness
- Housing and Homelessness
- Substance Use Prevention and Response (SUPR)
- Healthcare Assessment Update
- Policy Introduction

Respiratory Illness

WEEKLY RESPIRATORY SURVEILLANCE REPORT

2023, Week 43 | Week ending 10/28/2023

1 | COVID-19

Data are shown for past 24 months.

Labs	30 of 379 (7.9%) specimens positive in past reporting week
ED Visits	14 of 1367 (1.0%) visits attributable to COVID-19 in past reporting week
Outbreaks in LTCFs	4 COVID-19 outbreaks reported in past 28 days

2 | INFLUENZA

Data are shown for past 24 months.

Labs	3 of 222 (1.4%) specimens positive in past reporting week
ED Visits	<10 of 1367 (<0.7%) visits attributable to Influenza in past reporting week
Outbreaks in LTCFs	0 Influenza outbreaks reported in past 28 days
Deaths	0 Influenza deaths in past 28

3 | RESPIRATORY SYNCYTIAL VIRUS (RSV)

Data are shown for past 24 months.

Labs	1 of 30 (3.3%) specimens positive in past reporting week
ED Visits	<10 of 1367 (<0.7%) visits attributable to RSV in past rep..

TAKEAWAYS:

- COVID present but low
- Starting to see Flu A
- Minimal RSV
- Flu & RSV tend to rise rapidly
- Good time for vaccinations
- Pharmacies best place for immunizations

Housing and Homelessness

- Biggest driver of homelessness is cost of housing
- Unaffordability of housing didn't just happen -- It's a result of policy choices
- Role that housing codes, regulations have driven costs up relative to the value they bring

Opioids, Housing, and Public Health

Housing Affordability Index (HAI) and Opioid -involved Drug Overdose Death Rates
 HAI: 2016 Q1-2023 Q2 & OD rates: 2016-2022

HAI Data Source: Washington Center for Real Estate Research (WCRER) at University of Washington

Washington State Department of Health | 8

Fatal OD Data Source: Washington State Department of Health, Center for Health Statistics, Death Certificate Data.

Kitsap County Emergency Medical Services (EMS) Opioid Overdose Quarterly Surveillance Report

Source: Washington State Department of Health, Washington Emergency Medical Services Information System (WEMSIS) (7 of 7 EMS reported for Kitsap County), County Emergency Medical Services (EMS) Opioid Monthly Surveillance Report, 2020 – 2023.

Notes

"Improved Naloxone Response" and "Opioid Impression" contain common responses and should not be added together to obtain a total count. "Suspected Overdose" includes the unduplicated combination of these fields, in addition to "Possible Opioid Related Incident".

Improved Naloxone Response:

Naloxone administered to patient and resulted in an improved patient response.

Data indicate the number of improved naloxone responses is **1.87 times** (87% increase) more in Q3 2023 when comparing to Q3 2022.

Opioid Impression:

Opioid was indicated by the EMS provider using any of the following ICD10 codes for the primary impression, secondary impression, or cause of injury: F11, T40.0-T40.4 & T40.6.

Data indicate the number of opioid impressions is **1.69** (69% increase) more in Q3 2023 when comparing to Q3 2022.

New Work at the Health District

Date	What
July 2023	FPHS funding for all LHJs for Opioid Response work
July 2023	DOH OD2A funding (past 5 years of funding) expired. This funding provided \$ for Naloxone training, education, and collaboration.
July/August 2023	Developed a new KPHD program called Substance Use and Prevention (SUPR) Program
September 2023	Hired new coordinator for the program
September 2023	Consultation with Opioid Response Network (ORN) to develop strategies for Kitsap County (consultation continues)
October 2023	With guidance from ORN, began Needs Assessment around Opioid Misuse in Kitsap County
October 2023	With guidance from ORN, finalized questions for community partners and people who use drugs to include qualitative data in Needs Assessment
October 2023	Met with SBHO leadership in how to partner with Opioid Abatement Collaboration on strategies based on finding from the Needs Assessment.
November 2023	Start interviews with community organizations and people who use drugs
December 2023	Finalized Needs Assessment with quantitative data and qualitative data. Development of strategies based on findings. ELT final review.
January/February 2024	Share findings and strategies with community.
February 2024	Develop workplans based on strategies

Additionally, supported and partnered with City of Poulsbo to receive funding for and open the North Kitsap Recovery Resource Center, October, '23

MEMO

To: Kitsap Public Health Board
From: John Kiess, Environmental Health Director
Date: November 7, 2023
Re: Proposed Adjustments to Environmental Health (EH) 2024 Fee Schedule

Background and Introduction

This information was brought to the Board’s finance committee on October 4, 2023 for review and recommendation. At the December 2017 regular meeting, the Board adopted an updated Environmental Health (EH) fee schedule for 2018 – 2026 (see Attachment 1). The Board supported the Finance Committee recommendations related to EH fees:

1. In accordance with Board policy, the EH Fee Schedule should be adjusted to recover the actual cost of service;
2. The base hourly rate should be increased from \$109 to \$145 over a two-year period (2018 and 2019); and
3. An annual automatic escalator, tied to increases (if any) in the Seattle Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) as of April in the current year for the following year’s fees, should be applied to the EH Fee Schedule for budget years 2020–2026.

The Board amended the EH Fee “escalator” concept in 2019 to allow for individual fee adjustments for specific fee items when other fees were already adequate to cover the actual cost of service.

In 2020, to lighten the financial impacts of the COVID-19 pandemic on food and pool establishment permit holders, the Board elected to reduce the 2020 fees to 75% (food) and 50% (pools) of their Board approved rates.

2024 Fee Schedule Review and Draft Budget

For the 2024 fee schedule review, the 2023 CPI-W was 6.8% (see Attachment 2), so a proposed 6% fee increase is proposed for the 2024 fee schedule for the Food and Living Environment (FLE) program *only*. Based on the draft 2024 Health District budget, the Food and Living Environment (FLE) program shows an approximate **deficit of \$400,000**, despite a large allocation of Washington State foundational public health system (FPHS) funds being allocated to support program activities that cannot be fully supported by fees (e.g., foodborne illness complaint response, mold complaint response, etc.).

The Drinking Water and Onsite Sewage (DWOSS) and Solid and Hazardous Waste (SHW) programs are following a multi-year budget plan to spend down some of their existing reserve balances and no fee schedule changes are proposed for these two programs for 2024.

Proposed Changes to the 2023 Environmental Health Fee Schedule

- Based on the existing fee resolutions, a 6% overall increase is proposed using the CPI escalator for the FLE program. A 6% increase would have an **approximate revenue increase of \$56,000**. For perspective, please see the draft 2024 fee schedule (Attachment 3) showing the individual Food and Living Environment permit fees reflective of a 6% increase.
- Alter the change of ownership fee requirements, so that applicants who do not meet the 30-day reporting requirement, are not subject to a full plan review fee.
- Increase the pool pre-operational inspection fee to \$480, as these inspections take a minimum of 4 hours to complete.
- Move the special process fee to its own line item in the fee schedule, to create simplicity for processing applications.
- Change the name of “Tavern (No Food)” line item to “Warewashing Permit” as these types of permits also apply to non-tavern establishments.
- Reconciled the pool and food establishment reinspection fees.
- Removed the footnote that the first reinspection is free in a permit year.
- Added a new Water Recreation Facility Variance application fee of \$160 (1 hour of review time).
- Added a Seasonal permit type for caterers, mobile food units, and restaurants that is equivalent to 75% of their established annual fee.
- As a general change applicable to the entire fee schedule, the “Work without Permit Investigation Fee” is being retitled to “Work Without Prior Approval”.
- As a general change applicable to the entire fee schedule, the pre-application meeting fee line item has been expanded to include administrative conferences when necessary.

November 7, 2023

Page 3

The Health District has provided notice and information about this proposed increase to stakeholders and existing permit holders prior to this meeting. Notice was sent out through our govdelivery system, our social media platforms, and the Health District webpage in both Spanish and English languages. The Health District received three (3) questions through social media, which we responded to through that platform (see Attachment 4).

Recommendation

Based on the Finance Committee review and recommended approval, the Health District recommends that the Board consider approving Resolution 2023-06, *Approving 2024 Environmental Health Division Service Fees* (see Attachment 5).

Please feel free to contact me at any time regarding these proposed fee revisions. I can be reached at (360) 728-2290, or john.kiess@kitsappublichealth.org with any questions or comments.

Approving Environmental Health Division Fee Schedule

WHEREAS, the Kitsap Public Health Board is empowered by RCW 70.05.060(7) and RCW 70.46.120 to establish and charge fees for issuing or renewing licenses, permits, or for such other services as are authorized by law; and

WHEREAS, Board Budget Policy, Article XI, Budget Administration --- Fees, directs the Health District to recover the cost of services for fee related activities; and

WHEREAS, a fee schedule has been operative and essential to cover expenses incurred by the Environmental Health Division when conducting and maintaining programs that implement and enforce state public health laws and rules and local ordinances within Kitsap County; and

WHEREAS, the Environmental Health Division has not adjusted its base rate of \$109 per hour since 2009 and is projected to have an estimated budget deficit of up to \$591,000 for 2018 with the existing fee schedule; and

WHEREAS, the actual base hourly rate for the Environmental Health Division's service fee programs for 2018 is calculated to be \$145 per hour, and the Board wishes to phase-in service fee increases with respect to the base hourly rate over a two-year period in 2018 and 2019 so as not to unreasonably burden the public; and

WHEREAS, the Board wishes to keep the Environmental Health Division fee schedule current with annual market increases for years 2020 through 2026 by automatically adjusting fees each January 1, by the increase, if any, in the April Consumer Price Index - Urban Wage Earners and Clerical Workers Index for Seattle – Tacoma – Bremerton, for the previous year, rounded to the nearest \$5.

NOW, THEREFORE, BE IT RESOLVED that the Kitsap Public Health Board does authorize and approve Resolution 2017-03, Approving Environmental Health Division Fee Schedule, effective January 1, 2018, and until further notice.

CONFLICTING RESOLUTIONS: To the extent that the fee schedule described above is inconsistent with prior provisions of the Kitsap Public Health Board Resolutions, the prior provisions are hereby repealed.

APPROVED: December 5, 2017

EFFECTIVE: January 1, 2018

 Commissioner Ed Wolfe, Chair
 Kitsap Public Health Board

Kitsap Public Health Board Resolution 2017-03
Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2018)

Item No.		2018 Fee	2019 Fee

Kitsap Public Health Board Resolution 2017-03
Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2018)

FOOTNOTES

1	Fees and applications are not transferable.
2	The Health Officer may waive all, or part, of any service charge on a case-by-case when just cause is demonstrated. When written application for waiver to a service charge is made and granted, the new service charge shall be based at the standard hourly rate.
3	Activities not specifically identified in this Service Charge Schedule will be billed at the hourly rate.
4	Refunds are at the discretion of the Health Officer; the handling fee will be subtracted from any Health Officer-approved refund.
5	Reserved
6	The hourly rate will apply after the first seven (7) hours.
7	The hourly rate will apply after the first hour.
8	If the certification is not paid prior to the due date, the applicant must pay, in addition to the certification service charge, a Delinquent Certification Renewal Fee. After a 90 day delinquent period, a retest for certification will be required. On July 1 of each year all certifications, unless renewed, shall become void and of no effect.
9	New Building Site Applications (BSA) are valid for a period of three (3) years and 30 days from the date of submittal.
10	Wet Weather Review for BSA includes three (3) site visits.
11	Building Clearance Exemption service charge covers staff time to conduct records search, plan review, and record processing; subject to the Health District's policy covering Building Clearance Exemption Referrals.
12	The Sewage Disposal Permit expires within a period of one (1) year from the date of issuance unless a current valid Building Permit has been obtained for the property site.
13	For each system dispersal component. Review service charges are minimum charges. Time records will be maintained on all monitoring report reviews. Any costs over the deposit paid will be billed at the hourly rate.
14	Duplexes will require full fees for each address unless the duplex shares an individual drainfield. Duplexes with shared drainfields will receive one report for both addresses. If separate Property Conveyance Reports are requested for each address when a drainfield is shared, separate applications must be submitted and full service charges paid for each report.
15	Plat Review service charges are minimum charges. Time records will be maintained on all plats with onsite sewage reviews. Any costs over the deposit paid will be billed at the hourly rate. Plats will not be signed as approved until the Health District receives payment in full.
16	If a permit service charge is not paid prior to the due date, the applicant must pay, in addition to the permit service charge, a late penalty equal to 1% of the regular service charge for each day payment is late. The late penalty of 1% will be assessed only for thirty (30) days. If payment is not made within thirty (30) days of the due date, the establishment will be subject to closure in accordance with food service rules and regulations. The Health Officer may waive penalties, in whole or in part, where it is determined that the delay in payment has been caused by mistake or excusable neglect on the part of the person billed.
17	Inspections of establishments will be made in accordance with provisions of Kitsap Public Health Board Ordinance 2014-01 Food Service Regulations. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local food regulations.
18	Minimum one (1) hour.
19	The first re-inspection during the permit year will be conducted at no charge. Any additional re-inspections shall be charged at the Standard Hourly Rate. Payment of re-inspection service charges must be made within thirty (30) days of the billing date. If payment is not made prior to annual licensing renewal time, a new permit will not be issued.
20	Single event temporary permits are good for a maximum of 21 days. Applications and service charges for temporary permits are due fourteen (14) calendar days prior to the event to allow for weekend inspection scheduling and coordination with participants for approval. There is a 25% permit fee surcharge for applications submitted from 13 to 2 days prior to an event. There is a 50% permit fee surcharge for applications submitted 48 hours or less prior to an event. Non-complex menu permits are for one-step food preparation procedures for temporary permits. Complex menu permits are for operations that have multiple steps in food preparation.

Kitsap Public Health Board Resolution 2017-03
Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2018)

21	Inspections will be made in accordance with provisions of rules and regulations of the State Board of Health governing swimming pool facilities. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local regulations.
22	Camps, which are serving food year round are required to license the food service facility according to the Food Program Service Charge Schedule in effect at the time of application. It is the intent to provide two (2) food service facility inspections per year for those operating year round. Camps operating on a seasonal basis shall license the food service facility according to the seasonal Food Program Service Charge Schedule. Camp pool facilities shall be licensed and inspected according to this Service Charge Schedule. Camp inspections include a bathing beach and one sanitary facility inspection.
23	Charge covers completed permit application review, new or modified permit drafting/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review.
24	Charges cover annual permit renewal/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review. Charges are assessed based on staff hours expended at the hourly rate approved by the Kitsap County Board of Health for that year. Charges will be billed at a frequency agreed to by the permittee.
25	Conditionally exempt hourly fees are assessed to evaluate conditional exemption status, annual reports, and to conduct annual inspections, as needed. These fees include time expended on non-compliance and re-inspection and will be based on the hours spent regulating the facility the previous calendar year.
26	A permit issued to a facility once closure construction activities are completed, which governs the requirements placed upon a facility after closure to ensure its environmental safety for at least a twenty-year period or until the site becomes stabilized (i.e., little or no settlement, gas production, or leachate generation).
27	The hourly rate will apply after the first fifty (50) hours.
28	The hourly rate will apply after the first one hundred (120) hours.
29	The hourly rate will apply after the first three (3) hours.
30	Service charges will be assessed for the review of plans or proposals not specifically associated with a facility permit application.
31	Fees for Biosolid facilities include time to review permits, review reports and to conduct inspections. Non-compliance issues would be billed separately. In addition to review charges for Bio-Solids State Permit, Plan and Report Reviews, charges are assessed for non-routine regulatory activities associated with facility noncompliance.

Kitsap Public Health Board Resolution 2023-06

**Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2024)**

FOOTNOTES	
1	Fees and applications are not transferable, fee prices are rounded to \$5 increments
2	The Health Officer may waive all, or part, of any service charge on a case-by-case when just cause is demonstrated. When written application for waiver to a service charge is made and granted, the new service charge shall be based at the standard hourly rate.
3	Activities not specifically identified in this Service Charge Schedule will be billed at the hourly rate.
4	Refunds are at the discretion of the Health Officer; the handling fee will be subtracted from any Health Officer-approved refund.
5	The hourly rate will apply after the first seven (7) hours. Fee includes final inspection.
6	The hourly rate will apply after the first four (4) hours. Fee includes final inspection.
7	The hourly rate will apply after the first hour or the time allocation applicable to the fee based on the hourly rate.
8	If the certification is not paid prior to the due date, the applicant must pay, in addition to the certification service charge, a Delinquent Certification Renewal Fee. After a 90 day delinquent period, a retest for certification will be required. On July 1 of each year all certifications, unless renewed, shall become void and of no effect.
9	Reserved
10	Wet Weather Review for BSA pays for the number of site visits required in the current review policy.
11	Building Clearance Exemption service charge covers staff time to conduct records search, plan review, and record processing; subject to the Health District's policy covering Building Clearance Exemption Referrals.
12	Reserved
13	For each system dispersal component.
14	Duplexes will require full fees for each address unless the duplex shares an individual drainfield. Duplexes with shared drainfields will receive one report for both addresses. If separate Property Conveyance Reports are requested for each address when a drainfield is shared, separate applications must be submitted and full service charges paid for each report.
15	Reserved
16	If a permit service charge is not paid prior to the due date, the applicant must pay, in addition to the permit service charge, a late penalty equal to 1% of the regular service charge for each day payment is late. The late penalty of 1% will be assessed only for thirty (30) days. If payment is not made within thirty (30) days of the due date, the establishment will be subject to closure in accordance with food service rules and regulations. The Health Officer may waive penalties, in whole or in part, where it is determined that the delay in payment has been caused by mistake or excusable neglect on the part of the person billed.
17	Inspections of establishments will be made in accordance with provisions of Kitsap Public Health Board Ordinance 2014-01 Food Service Regulations. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local food regulations.
18	Minimum one (1) hour.
19	Payment of re-inspection service charges must be made within thirty (30) days of the billing date. If payment is not made prior to annual licensing renewal time, a new permit will not be issued.
20	Single event temporary permits are good for a maximum of 21 days. Applications and service charges for temporary permits are due fourteen (14) calendar days prior to the event to allow for weekend inspection scheduling and coordination with participants for approval. There is a 25% permit fee surcharge for applications submitted from 13 to 2 days prior to an event. There is a 50% permit fee surcharge for applications submitted 48 hours or less prior to an event. Non-complex menu permits are for one-step food preparation procedures for temporary permits. Complex menu permits are for operations that have multiple steps in food preparation.
21	Inspections will be made in accordance with provisions of rules and regulations of the State Board of Health governing swimming pool facilities. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local regulations.

Kitsap Public Health Board Resolution 2023-06

**Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2024)**

FOOTNOTES	
22	Camps, which are serving food year round are required to license the food service facility according to the Food Program Service Charge Schedule in effect at the time of application. It is the intent to provide two (2) food service facility inspections per year for those operating year round. Camps operating on a seasonal basis shall license the food service facility according to the seasonal Food Program Service Charge Schedule. Camp pool facilities shall be licensed and inspected according to this Service Charge Schedule. Camp inspections include a bathing beach and one sanitary facility inspection.
23	Charge covers completed permit application review, new or modified permit drafting/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review.
24	Charges cover annual permit renewal/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review. Charges are assessed based on staff hours expended at the hourly rate approved by the Kitsap County Board of Health for that year. Charges will be billed at a frequency agreed to by the permittee.
25	Conditionally exempt hourly fees are assessed to evaluate conditional exemption status, annual reports, and to conduct annual inspections, as needed. These fees include time expended on non-compliance and re-inspection and will be based on the hours spent regulating the facility the previous calendar year.
26	A permit issued to a facility once closure construction activities are completed, which governs the requirements placed upon a facility after closure to ensure its environmental safety for at least a twenty-year period or until the site becomes stabilized (i.e., little or no settlement, gas production, or leachate generation).
27	Service charges will be assessed for the review of plans or proposals not specifically associated with a facility permit application.
28	Fees for Biosolid facilities include time to review permits, review reports and to conduct inspections. Non-compliance issues would be billed separately. In addition to review charges for Biosolids State Permit, Plan and Report Reviews, charges are assessed for non-routine regulatory activities associated with facility noncompliance.

EH fee change social media responses

Summary of public rollout

On Oct. 12, we:

- Sent out a bulletin with information about the proposed changes
 - English: <https://content.govdelivery.com/accounts/WAKITSAP/bulletins/3743879>
 - Spanish: <https://content.govdelivery.com/accounts/WAKITSAP/bulletins/375874e>
- Posted about the development on Facebook, Instagram, and Twitter
 - On Facebook, there were no comments or reactions
 - On Instagram, there were no comments or likes
 - On Twitter, there were no likes or comments but there was one retweet
- Posted the development on Nextdoor
 - This is where we received written public input, with one shocked face reaction and one smiling face reaction.
 - Comments:

The screenshot shows a Nextdoor discussion thread. It features three comments from users and three replies from a 'Communications Specialist Melissa Hartman' representing 'Kitsap Public Health'. The replies provide detailed information about environmental health and address concerns about fee increases for water and food services.

Comment 1: Cathy S. • Seabeck • 1w
What does environmental health even mean?
Like Reply Share

Reply 1: Communications Specialist Melissa Hartman • Author • Kitsap Public Health • 1w
Cathy Thanks for asking! Environmental health is the study of how our natural and built environments affect human health. At KPHD, we aim to improve human health by identifying and correcting sources of pollution and disease. We monitor drinking water, food safety, septic systems, solid waste, and more. More details: <https://kitsappublichealth.org/environment/>

Comment 2: Cathy S. • Seabeck • 1w
so you are going to increase the fees for those services which adds to the cost of building a home, testing water (which increases the cost of the water bill) WHY do you need to do this.
Like Reply Share

Reply 2: Communications Specialist Melissa Hartman • Author • Kitsap Public Health • 1w
Cathy No fee increases are proposed for drinking water or onsite sewage (septic systems).
Like Reply Share

Comment 3: Sterling S. • Parkwood • 1w
With the current rising prices of food, 6% is a massive spike for most restaurants is this ethical?
Like Reply Share

Reply 3: Communications Specialist Melissa Hartman • Author • Kitsap Public Health • 1w
Sterling The full bulletin, linked to above, provides additional rationale and context for the proposed fee increase for food service establishments, as well as guidance for submitting comments to the Kitsap Public Health Board.

At the bottom of the screenshot is a text input field with the placeholder text "Add a comment..." and the Kitsap Public Health logo to its left.

Approving 2024 Environmental Health Division Service Fees

WHEREAS, the Kitsap Public Health Board is empowered by RCW 70.05.060(7) and RCW 70.46.120 to establish and charge fees for issuing or renewing licenses, permits, or for such other services as are authorized by law; and

WHEREAS, Board Budget Policy, Article XI, Budget Administration --- Fees, directs the Health District to recover the cost of services for fee related activities; and

WHEREAS, the Board previously passed resolution 2019-06 amending the Environmental Health Division fee schedule and providing for yearly increases based on the April Consumer Price Index – Urban Wage Earners and Clerical Workers Index for Seattle – Tacoma – Bremerton (“CPI”) for years 2020 through 2026; and

WHEREAS, the Board previously passed Resolution 2022-09 which established that CPI-related fee adjustments should still be considered as needed based on the April Consumer Price Index – Urban Wage Earners and Clerical Workers Index for Seattle – Tacoma – Bremerton (“CPI”) of the current year for future years of 2023 through 2026, with a minimum increase of 3% per year and a maximum of 6% per year; and

WHEREAS, the April 2023 Consumer Price Index – Urban Wage Earners and Clerical Workers Index for Seattle – Tacoma – Bremerton (“CPI”) was 6.8%; and

WHEREAS, the Board may determine that some individual fees may be modified or held as unchanged as needed; and

WHEREAS, the Food and Living Environment (FLE) Program is projected to have an estimated 2024 budget shortfall of approximately \$404,000; and

WHEREAS, the Drinking Water/Onsite Sewage, Solid and Hazardous Waste, and Pollution Identification and Correction programs are not in need of fee increase adjustments for 2024; and

NOW, THEREFORE, BE IT RESOLVED that the Kitsap Public Health Board does authorize and approve Resolution 2023-06, Approving 2024 Environmental Health Division Service Fees, effective January 1, 2024, and until further notice, as follows and as specified the attached fee schedule:

1. Food and Living Environment Program fees shall be increased by 6%;
2. Drinking Water/Onsite Sewage, Solid and Hazardous Waste, and Pollution Identification and Correction program fees generally be held status quo at 2023 rates; and
3. Miscellaneous administrative updates to the fee schedule shall be implemented.

CONFLICTING RESOLUTIONS: To the extent that the fee schedule described above is inconsistent with prior provisions of the Kitsap Public Health Board Resolutions, the prior provisions are hereby repealed.

APPROVED: November 7, 2023

EFFECTIVE: January 1, 2024

Mayor Becky Erickson, Chair
Kitsap Public Health Board

12	Reserved
13	For each system dispersal component.
14	Duplexes will require full fees for each address unless the duplex shares an individual drainfield. Duplexes with shared drainfields will receive one report for both addresses. If separate Property Conveyance Reports are requested for each address when a drainfield is shared, separate applications must be submitted and full service charges paid for each report.
15	Reserved
16	If a permit service charge is not paid prior to the due date, the applicant must pay, in addition to the permit service charge, a late penalty equal to 1% of the regular service charge for each day payment is late. The late penalty of 1% will be assessed only for thirty (30) days. If payment is not made within thirty (30) days of the due date, the establishment will be subject to closure in accordance with food service rules and regulations. The Health Officer may waive penalties, in whole or in part, where it is determined that the delay in payment has been caused by mistake or excusable neglect on the part of the person billed.
17	Inspections of establishments will be made in accordance with provisions of Kitsap Public Health Board Ordinance 2014-01 Food Service Regulations. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local food regulations.
18	Minimum one (1) hour.
19	Payment of re-inspection service charges must be made within thirty (30) days of the billing date. If payment is not made prior to annual licensing renewal time, a new permit will not be issued.
20	Single event temporary permits are good for a maximum of 21 days. Applications and service charges for temporary permits are due fourteen (14) calendar days prior to the event to allow for weekend inspection scheduling and coordination with participants for approval. There is a 25% permit fee surcharge for applications submitted from 13 to 2 days prior to an event. There is a 50% permit fee surcharge for applications submitted 48 hours or less prior to an event. Non-complex menu permits are for one-step food preparation procedures for temporary permits. Complex menu permits are for operations that have multiple steps in food preparation.
21	Inspections will be made in accordance with provisions of rules and regulations of the State Board of Health governing swimming pool facilities. The requirement for re-inspections is at the discretion of the Health Officer and is determined by the severity of violations in accordance with applicable state and local regulations.

Kitsap Public Health Board Resolution 2023-06

**Kitsap Public Health District
Environmental Health Division
Fee Schedule (Effective January 1, 2024)**

FOOTNOTES	
22	Camps, which are serving food year round are required to license the food service facility according to the Food Program Service Charge Schedule in effect at the time of application. It is the intent to provide two (2) food service facility inspections per year for those operating year round. Camps operating on a seasonal basis shall license the food service facility according to the seasonal Food Program Service Charge Schedule. Camp pool facilities shall be licensed and inspected according to this Service Charge Schedule. Camp inspections include a bathing beach and one sanitary facility inspection.
23	Charge covers completed permit application review, new or modified permit drafting/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review.
24	Charges cover annual permit renewal/issuance, facility inspections for permit compliance, required monitoring and data review, and required plan and design review. Charges are assessed based on staff hours expended at the hourly rate approved by the Kitsap County Board of Health for that year. Charges will be billed at a frequency agreed to by the permittee.
25	Conditionally exempt hourly fees are assessed to evaluate conditional exemption status, annual reports, and to conduct annual inspections, as needed. These fees include time expended on non-compliance and re-inspection and will be based on the hours spent regulating the facility the previous calendar year.
26	A permit issued to a facility once closure construction activities are completed, which governs the requirements placed upon a facility after closure to ensure its environmental safety for at least a twenty-year period or until the site becomes stabilized (i.e., little or no settlement, gas production, or leachate generation).
27	Service charges will be assessed for the review of plans or proposals not specifically associated with a facility permit application.
28	Fees for Biosolid facilities include time to review permits, review reports and to conduct inspections. Non-compliance issues would be billed separately. In addition to review charges for Biosolids State Permit, Plan and Report Reviews, charges are assessed for non-routine regulatory activities associated with facility noncompliance.

Re: **Draft 2024 Local Policy Map and Legislative Preview**

Attached, please find a copy of the draft “2024 Local Policy Map” along with a presentation to the Health Board about the Health District’s newly developed local policy map and legislative preview for 2024. With this local emphasis, the Health District strives to address social determinants of health and health equity through place-based policy development, in collaboration with partners and decision makers in our community. Co-created alongside community stories, community health assessment, community health implementation plan process, Health Board recommendations, as well as the strategic direction of the Health District, the following focus areas are outlined in the 2024 Health District Policy Map:

- Optimize foundational public health services
- Promote equitable access to quality healthcare and services
- Respond to emerging public health needs to increase health equity
- Support collective impact championed by community partners

The Kitsap Public Health District’s Local Policy Map reflects focus areas for policy development that are either on-going, developing, or crisis level in Kitsap County. Data and community feedback indicate these topics have a significant impact in our community, in addition to the ongoing program specific work at the Health District.

This tool also encompasses legislative priorities led by partners such as Washington State Association of Local Public Health Officials (WASALPHO) as well as the Public Health Accreditation Board (PHAB) reaccreditation guidance. PHAB guidance notes that the Community Health Improvement Plan (CHIP) needs to cover at least two health priorities and at least two of the strategies and/or activities in the CHIP must include a policy recommendation.

During today’s meeting, the Health District will present the draft 2024 Local Policy Map for discussion and additional considerations Health Board. For this body of work, we hope to increase a “health in all policies” approach and community-driven policy development in our community.

Please contact me with any questions or concerns about this matter at (360) 552-8563, or adrienne.hampton@kitsappublichealth.org.

2024

POLICY MAP

Kitsap Public Health District prevents disease and protects and promotes the health of all people in Kitsap County. To forward this mission, we:

Support policies with the objective of protecting the health of Kitsap residents

Support efforts to maintain funding to local public health services and programs

Oppose any policies that reduce local health authority

OPTIMIZE FOUNDATIONAL PUBLIC HEALTH SERVICES

Continued funding for **Foundational Public Health Services (FPHS)** is critical to local public health infrastructure and the ability to respond to emerging health concerns

State-level goal: Maintain and increase FPHS funding

Federal-level goal: Support federal action to enhance public health infrastructure and CDC activities

PROMOTE EQUITABLE ACCESS TO QUALITY HEALTHCARE & SERVICES

We ensure a fair, diverse, and just opportunity for **accessing and affording quality healthcare** and services.

Advance a practice of equity and enhance cultural competency in healthcare services to eliminate discrimination and bias in the healthcare system

Support policies that improve healthcare delivery and address clinical service gaps, strengthen healthcare workforce, and increase affordability of care, including:

- **Promoting access** to coordinated mental, medical, and behavioral health services for all
- **Improving maternal and infant health** outcomes and ensuring Black, Indigenous, and People of Color communities have equitable access to quality perinatal care
- **Continue work guided by Kitsap Public Health Board resolutions** 2021-01 declaring racism a public health crisis and 2023-04 declaring high healthcare costs and inadequate access to healthcare services public health crises

WHAT IS A PUBLIC HEALTH APPROACH?

As a public health agency, we:

- Are concerned with protecting the health of entire populations
- Recognize and define issues
- Prioritize prevention
- Use data and evidence to identify and implement solutions and evaluate success
- Emphasize collaboration and community engagement

Continued >>

RESPOND TO EMERGING PUBLIC HEALTH NEEDS TO INCREASE HEALTH EQUITY

We promote **integrated responses** to ongoing, developing, and crisis-level public health issues.

Expand resources for substance use prevention, treatment, and recovery

Undo racist and inequitable barriers that limit the community's ability to achieve their highest quality of life

Prepare communities for health impacts caused by climate change and other environmental health risks

SUPPORT COLLECTIVE IMPACT CHAMPIONED BY COMMUNITY PARTNERS

We support **policy development led by community partners** that provides co-benefits to public health and community resilience.

Improve the built environments and expand accessible, multimodal transportation options.

Bolster the health of existing housing options and increase low-income housing, relief for people experiencing housing instability, and measures to prevent individuals from falling into homelessness.

Support policies that increase health literacy, public health education, social connectedness, and wellness.

Draft 2024 Local Policy Map and Legislative Priorities Preview

Adrienne Hampton (she/her)
Policy, Planning, and Innovation Analyst

KITSAP PUBLIC HEALTH DISTRICT

Introduction

- Overview and Process
- 2024 Draft Local Policy Map Introduction
- 2024 Legislative Preview
- Next Steps

What is the Policy Map?

- Expanded capacity for policy development
- Provides direction of what types of policy areas we will support and/or emphasis to promote systems level changes on distinct issues
- Specific focus on areas that public health has not been a primary lead
- Acts as an executive summary for future action plan and policy recommendations

Next Steps: Policy Development & Strategic Planning

- Partnerships and community engagement
- Formalize process for policy recommendations and interventions
- Generate local policy directives such as resolutions and other tools
- Strengthen existing inter-agency relationships
- Increase visibility of information and technical assistance opportunities
- Workforce development and trainings for staff

Next Steps: Community Health Implementation Plan

- The Public Health Accreditation Board (PHAB) reaccreditation guidance notes that the Community Health Improvement Plan (CHIP) needs to cover the following:
 - at least two health priorities; and
 - at least two of the strategies and/or activities in the CHIP must include a policy recommendation.
- The CHIP is one important method that generates specific ways public health can address community priorities and evaluation
- The Board will have a role in the policy aspects of the CHIP

Data and Assessment

- Understand topic areas that impact our community issue areas, broadly
 - Opioid related overdoses
 - Mental health, pediatrics, and OB providers and accessibility
 - % of community members rent burdened
- Formulate specific questions and using the data that we have – dive deeper to unpack specific solutions or evidence-based policy recommendations

Visit Our Dashboards

Our epidemiologists regularly update health indicators that help us understand and evaluate population health issues.

Legislative Preview

WSALPHO Legislative Preview

- **Data Access:** increasing LHJ access to statewide health-related data
- **Standing Orders:** give the Secretary of Health authority to write standing orders outside of emergency declarations
- **Micro-enterprise Home Kitchens:** authorizing and permitting home kitchens as food operations
- **Septage Capacity Assessment:** this is a carryover from the 2023 session and was not funded
- **State Board of Health School Rules Budget Proviso:** this is an ongoing budget item that WSALPHO has worked on since 2017

WSALPHO Legislative Preview

- **Child Fatality Review Modernization:** addressing outdated and confusing language in Washington’s Child Mortality Review Statute
- **Vaccine Definition Update/RSV Nirsevimab inclusion:** broadening the statutory language of “vaccine” to ensure coverage of RSV nirsevimab
- **Syphilis Treatment:** allow medical assistants (MAs) with telehealth access to a supervising clinician to provide intramuscular injections for syphilis treatment in the field

Thank you!

MEMO

To: Kitsap Public Health Board
From: Keith Grellner, Administrator
Date: November 7, 2023
Re: Draft 2024 Budget –Overview

During today’s meeting, the Health District will provide the Health Board with an overview of its draft 2024 Budget as of October 31, 2023, in preparation for formal Health Board approval of the 2024 Budget during the upcoming December 5, 2023, regular meeting. The purpose of the budget presentation is to get Board feedback and/or direction for changes to the budget prior to the December 5th Health Board meeting.

Attached for your information, please find attached the following materials:

1. Draft 2024 Budget as of 10/31/2023 (Attachment 1);
2. 2023 Budget Status Report as of 7/31/2023 (Attachment 2); and
3. Draft 2024 Budget presentation (Attachment 3).

Additionally, here is a link to the Health Board’s [Budget Policy](#), which guides the development of the annual budget and administration of the district’s fund balance, for the Board’s information.

The Health Board’s Finance Committee (Chair Erickson, Member Jackson, and Mayor Wheeler) met with the Health District on October 4, 2023, to review and discuss the draft 2024 Budget. The Finance Committee has not recommended any changes to the draft budget as of this time.

For the purposes of today’s presentation, please direct your attention to the agency-level budget information in each of the two attached documents:

- Pages 3 and 4 of the draft 2024 Budget document in Attachment 1; these pages contain a summary of projected revenues and expenditures for 2024; and
- Pages 3a and 3b of the July 2023 Budget Status Report in Attachment 2; these pages contain current information concerning the Health District’s reserve fund balance.

Please note that Attachments 1 and 2 also contain division and program level breakdowns of the draft budget and budget status report. While the budget presentation for today will not delve down into the division/program level information, the Health District is prepared to answer questions that you may have concerning those budget details.

In summary:

- The draft budget is balanced at about \$19.2M with the use of \$2M of Unrestricted/Undesignated Reserve Funds and about \$1.1M of Restricted/Designated Reserve Funds (Drinking Water/Onsite Sewage, and Solid/Hazardous Waste) *if needed* (Attachment 1, bottom of Page 3).
- Funding requests of Health Board member jurisdictions are status quo with 2023 (and 2021 and 2022; see Attachment 1, middle of Page 3).
- The Health District’s fund balance (i.e., cash reserves) is healthy at \$11.8M, and it is expected to stay about the same by year’s end (Attachment 2, Page 3a). The fund balance complies with the Board’s Budget Policy requirement of a minimum of two months of operating expenses, or about \$3.2M (see Page 4, Article XIII.A. of [Budget Policy](#)).
- The budget includes the use of \$3.6M of Foundational Public Health Services (FPHS) funding from the state, and additional FPHS funding is expected in the second half of 2024 based on commitments the Legislature made in the approved FY23-25 biennial budget.
- Staffing is currently projected at about 136 Full-Time Equivalent (FTE). Personnel costs comprise 81% of proposed total expenditures.
- The budget contains Environmental Health fee increases for the Food Program, only (no change for Drinking Water, On-site Sewage, or Solid & Hazardous Waste).

As the Board is aware, the Health District takes a very conservative approach to budget planning by projecting maximum possible expenditures yet including only known and “in-hand” revenues, as is the case with the draft 2024 Budget. Thus, as in years’ past, the Health District expects that it may not likely expend all approved appropriations and will likely receive additional revenues over-and-above what is currently budgeted (and “in-hand”) at this time. Conservative budgeting in this manner has served the District well over the last decade-plus and has provided year-to-year financial stability for the agency.

One of the main reasons why the District expects that it will not expend all approved appropriations is due to employee turnover and recruitment. Most positions that are vacated and refilled have a lag time between when the employee departs and when the position is eventually refilled, which results in unintended personnel costs savings. This occurrence is exacerbated right now due to the fluidity of the employment marketplace and the shortage of available/qualified job candidates for some positions (e.g., public health nurses).

In summation, the Health District is in a good budget position for 2024 and recommends Board approval of the 2024 Budget during your upcoming December 5, 2023, regular meeting.

Please feel free to contact me with any questions or comments at (360) 728-2284, or keith.grellner@kitsappublichealth.org.

2024 DRAFT Budget

Keith Grellner, Administrator

November 7, 2023

KITSAP PUBLIC HEALTH DISTRICT

Public Health is Legally Mandated Work

- RCWs 70.05 & 70.46
- Kitsap County Code Chapter 9.52
- And a host of other laws and codes that emanate from the above

Our **Vision** is a safe and healthy Kitsap County for all.

Our **Mission** is to prevent disease and protect and promote the health of all people in Kitsap County.

STRATEGIC PLAN INITIATIVES

2024-2030

Initiative 1

We stop the transmission of communicable diseases through prevention, early identification, and prompt and appropriate intervention.

Initiative 2

We support well-being and resilience for people at every stage of life by focusing on prevention, harm reduction, promotion of factors that positively impact health, and reduction of the factors that negatively impact health.

Initiative 3

We protect our community by promoting healthy environments and preventing unsafe environmental exposures.

Initiative 4

We act as a trusted communicator, convener, strategist, and advocate to promote an integrated response to emergent, emergency, and ongoing public health issues.

Initiative 5

We use sound management principles to maintain a sustainable, effective, and inclusive agency that supports a diverse and engaged workforce.

Kitsap Public Health District is Nationally Accredited

- Accredited since 2015
- One of only 320 local health jurisdictions nationally accredited
- One of only five local health jurisdictions accredited in Washington state

Draft 2024 Budget – Expenditure Summary

Non-Personnel
\$3,645,979 19%

**Total Budget =
\$19,164,816**

Personnel
\$15,518,837 81%

Major Revenue Sources 2024

DRAFT 2024 Budget Notes

- Status quo budget requests of Board Member Jurisdictions (no increase over 2020 - 2023 annual contributions)
- Proposes use of \$3.18 M of reserves to balance budget (more on that later)
- Proposes EH Fee increase for food establishments and water recreation facilities, only (all other fees same as 2023), which may net an additional \$55K
- Staffing FTE's similar to 2021 - 2023 levels

DRAFT 2024 Budget Notes (con't)

- Conservative budgeting – err higher for expenses and only count revenues “in-hand”
- Normally new revenues added during course of year after budget approved
- Normally expenses are less than budgeted by year’s end
- Therefore, use of reserve funds are less than budgeted by year’s end

KPHD is in a positive budget situation for 2024

Staffing Full-Time Equivalents (FTE) 2021 – Proposed 2024

MONTH-END TOTAL CASH & INVESTMENTS (RESERVE FUND BALANCE)
2022 & 2023
As of July 31, 2023

RESERVE FUND BALANCE - BREAKDOWN OF BOARD-REQUIRED FUND TYPES As of July 31, 2023

PROPOSED RESERVE FUND USAGE & REMAINING BALANCE BY FUND TYPE DRAFT 2024 BUDGET

■ Restricted & Designated Reserve Use
 ■ Restricted & Designated Reserve Balance
 ■ Minimum 2 Months Operating Cash
■ Unrestricted & Undesignated Use
 ■ Unrestricted & Undesignated Balance

DRAFT 2024 Budget – Noteworthy Additions/New Investments Proposed

- \$200K for PCHS Respite Facility
- \$80K for Contractor for Salary Schedule Overhaul
- \$80K for Employment Law Attorney (Union Contract Negotiation Year in 2024)
- \$40K for New HR Database System Upgrade

THANK YOU!
