

ONSITE SEWAGE (SEPTIC) SYSTEM DESIGNER REFERRAL LIST

The following companies/individuals are Licensed Onsite Wastewater Treatment Designers or Professional Engineers with the State of Washington. The companies/individuals that are listed have requested and applied to be included on this referral list. This list has been posted for the convenience of the public and *is not* an endorsement of these companies (or individuals) by the Health District. The Health District provides no warranty or assurance of quality of the services or products for any of these companies/individuals. It is strongly recommended that people ask for and obtain references for any contractor that they are considering, obtain at least three written bids, and require the use of a written contract for services before hiring or paying a contractor for services.

This list is current as of October 2023. For additional information regarding state licensed Onsite Wastewater Treatment Designers or Professional Engineers, please refer to the Washington State Department of Licensing and follow the links to Look up a professional or business license:
